

How to love

"a lovely
transformation"

The sight of someone
beautiful

someone special & sexy
& shiny

can transform you

into something horrible & strange

and yet horribly, strangely
natural.

*see episode 1 for proof <3

Sometimes,
they love you back

and they love who you
have become since you
started loving them.

Then the relationship
ends

and you may still love
for a while

but it slowly fades away.

You are how you were
before

but you don't feel
like you.

You wander around

and soon the
feelings come back.

I guess this is who you
are now.
